

Message from President

On behalf of my fellow council members at IMC Singapore, I would like to first wish you a Happy and Successful 2015 through this Inaugural issue of our IMC Singapore e-Newsletter.

This e-newsletter will now be another platform for us to communicate and to share new developments, exciting activities and achievements.

Looking back, the past years have been exciting and significant for IMC Singapore as numerous strategic initiatives and programmes were launched, such as the endorsement of the new European Service Standard EN 16112 Management Consultancy Services by IMCS in 2012. The adoption of EN 16114 will contribute and facilitate high-quality management consulting services and delivering added value to businesses and corporations. IMC Singapore will be sharing more details of this new Standard to our members.

The establishment of the IMCS Board of Governors, chaired by Datuk Robert Chua, and the CMC Certification Board, chaired by Assoc Prof Khong Poh Wah, has further strengthened IMC Singapore in fulfilling our Mission: "To be a world-class resource partner and centre of excellence and innovation for management knowledge and best practices in Singapore".

The overseas business exploratory mission and our regular members' networking events at Temasek Club were very well received by our members. We look forward to meeting you in the forthcoming IMC Singapore programmes and activities in the months ahead. Please do visit our website for more information at www.imcsingapore.com

I wish you a happy, prosperous and successful year ahead!

George Wong, PBM
President, IMC Singapore

Events

Networking Nights

In 2014, a total of 4 Members' Networking Nights were held at Temasek Club. Below are some of the pictures taken during this event:
